21 July 2017

Dear Parent/Carer,

I am writing to remind you of our school uniform requirements prior to the start of the summer break when many of you will be purchasing new items to update your son or daughter's school uniform for the start of the new academic year. This reminder is to ensure that purchases of key items of uniform are made via our uniform stockist, Emblazon, and that these are made in line with our specified uniform requirements. This information is particularly important in relation to the uniform worn by our female students both in relation to the items worn and in terms of the issue of the length of the skirt purchased.

We seek to have a cost effective, smart uniform that is followed consistently by all our student body. This has been an area of strength in recent years, however a small number of our students have recently worn black jeans style trousers and, in a very small number of extreme cases, even leggings to the school. There have also been a growing number of occasions where female students are not wearing the specified school skirt and are instead wearing a much shorter stretch material version. These items do not form part of our school uniform and are not in line with the image we wish to promote or the ethos we stand for.

The selection of our school skirt for female students was made on the basis that this comes in differing sizes and lengths to ensure that this is available to the required **knee length**. In instances where a knee length skirt is unavailable then please note that school trousers should be worn instead.

I hope this reminder of our uniform requirements will enable you to plan your uniform purchases for the new academic year and that this ensures we have a smooth and effective start to the new academic year. Thank you in advance for your co-operation in this matter and for your support for the standards we wish to uphold as a school.

Yours faithfully,

L. Savage
