

Dear Parent/Carer

September 2017

Art and Design at Key Stage 3 is an exciting time to learn a variety of new skills and techniques taught through mostly practical art lessons at Fulford School. We are lucky to have a kiln and a printing press which allow our students to create ceramic works and use a variety of printing methods.

To allow our projects to be versatile and ambitious we ask for a donation of **£5.00** towards materials that your son/daughter will use throughout the two year key stage at Fulford School. The money will go towards quality acrylic paint, clay, printing inks and high gsm cartridge paper. Your son/daughter will also have the opportunity to take all their art work home after it has been displayed around school.

Please complete the form and return it along with your donation to the main school office in a sealed envelope, marked with your son/daughter's name and art materials donation by the end of September.

Cheques should be payable to Fulford School.

Yours faithfully

Mr T Rigg
Curriculum Leader for Art and Design and Photography

I enclose the payment of £5.00 donation for art materials
