November 2015

Dear Parent/Carer

Changes to the Issue Date of Year 8 Attainment Reports

I am writing to inform you of an important change to the issue date for Year 8 reports. These reports were originally scheduled to be issued on Friday 27th November. You will now receive this report on **Friday 18th December**.

This change of issue date is to allow class teachers to make a more rounded and more accurate assessment of your child's attainment across the curriculum. This is particularly important in the light of the forthcoming GCSE option choices that your child will make after Christmas.

Staff will complete an interim report which will be reviewed during your child's Progress Review meeting on the afternoon of **Thursday 3rd December**. You will then be able to take this information away with you.

The purpose of the interim report will simply provide a quick "health check" on how well students have started the academic year. It also allows us to identify students who might benefit from some early-stage intervention work. The interim data will focus on the following areas: behaviour, resilience, teamwork and homework with each aspect being graded from 1 – 4.

Your child's report which will be issued on the 18th December will have an updated version of this interim report data, alongside an attainment grade for each subject.

If you have any questions regarding the changes to the reporting schedule for your child please do not hesitate to contact me at school.

Yours faithfully,

Mr J Shutt

Associate Assistant Headteacher – Progress and Intervention
