9 October 2018

Dear Parent/Carer

On Thursday 18 October all Year 9 students will be taking part in a range of STEM activities as a part of the Alternative Curriculum day. The aim of these challenges is to highlight the importance of scientific, technological, engineering and mathematical skills when solving problems and designing products.

Students of D&T and Food Preparation and Nutrition will follow a slightly different programme, in which D&T students will spend the morning studying the structural elements of the bridges along the River Ouse, whilst students studying Food Preparation and Nutrition will investigate the functional and chemical properties of ingredients through practising high level food skills. Both of these groups will then spend the afternoon tackling a range of practical STEM challenges.

All students will need to be in school uniform for the day and although we are hoping for good weather, please ensure that students have a suitable coat or waterproof, as some of the challenges to be undertaken are planned to be outdoors.

All students have access to our extra-curricular activities and reasonable adjustments will be made to ensure each student's full inclusion in this trip. Please contact Mr Bodey, Deputy Headteacher, if you think that this may be needed for your child.

If your son/daughter is studying D&T (Resistant Materials, Graphics or Textiles) or Food Preparation and Nutrition, please would you sign and return the attached slip?

Yours faithfully

Alan Jobson
KS4 Coordinator D&T

Student name: _____

Parents of D&T students only:

I give permission for my son/daughter to attend the STEM activities trip.

Parents of Food Preparation and Nutrition only:

I enclose a donation of £3.00 towards the cost of ingredients

(Cheques made payable to Fulford School fund)

I would prefer not to make a contribution towards the cost of ingredients

Signed _____
