The department is a real source of strength with the school and makes a significant contribution to our school results both at A level and GCSE.

We currently follow AQA courses at GCSE (Religious Studies A). We offer a GCSE option course with HPQ skills and maintain Short Course provision for all students through to Y11. We provide OCR A Level (Philosophy of Religion, Religious Ethics and Developments in Christian Thought) and every year we have strong interest in this qualification. The Department follow the LA Agreed Syllabus at KS3 and other schemes of learning that reflect the needs of learners in this modern world.

Religious Education enjoys a strong reputation within the school and student voice gives consistently positive feedback on lessons and the value of Religious Education. In making this appointment we are seeking someone who can build on these strengths and further enhance Religious Education provision within the school.

We currently take all of Y7 on a trip to Leeds and Y9 to London for an interfaith experience and Year 12/13 to attend Candle Conferences. We are committed and enthusiastic in our teaching of Religious Studies and aim to connect the issues in the world to the syllabus at all stages. We work closely with the wider religious community of York and have integrated YoYo into our teaching and learning.

Fulford has an enthusiastic, committed, experienced and successful team of three full-time specialist Religious Education teachers.

We are looking for a candidate who:

- is an outstanding teacher
- is highly organised, motivational and flexible

- is an inclusive individual, with high expectations of all students and who is committed to all students reaching their full potential
- is dedicated to raising standards and working in partnership with others
- would relish the opportunity have input into shaping and delivering Fulford's Religious Studies curriculum from KS3 to A Level

As well as the qualities mentioned, we are looking for a Religious Studies teacher who will be excited/enthused by being part of a department where teamwork will play a key role in developing a scheme of work and assessment framework from KS3 to A Level.

The successful applicant can look forward to working in a talented, hardworking and supportive department.
