FULFORD SCHOOL NEWSLETTER

CHRISTMAS 2024

Headteacher's Welcome

Honesty Empathy Ambition Respect Tolerance

Welcome to the Christmas edition of our school newsletter as we celebrate the end of a busy and rewarding first term.

It has been truly inspiring to witness the hard work, achievements, and kindness shown by our students and staff alike.

At this time of year, we are reminded of the importance of giving. Whether it's through acts of kindness, time spent with loved ones, or supporting those in need.

The true spirit of Christmas lies in generosity, compassion, and connection.

"We make a living by what we get, but we make a life by what we give."

Winston Churchill

SPOTLIGHT ON...

SUPPORTING THE LOCAL COMMUNITY

On Wednesday 11th December, we held a festive non uniform day.

Staff and students donated food items for York Foodbank and cash for SASH, Youth Homeless Charity.

Events took place throughout the day and lots of fun was had by all.

Thank you to everyone who donated food or money, we have been overwhelmed by your generosity!

PRESTIGIOUS AWARD

We are delighted to announce that
Fulford School has been named

The Sunday Times Comprehensive Secondary School of the North 2025

This prestigious award celebrates the outstanding achievements of our students and the excellence of our school community.

Being recognised at this level is a tremendous honour and reflects the incredible commitment, resilience, and hard work demonstrated by our pupils, staff, and the wider Fulford family.

Unwavering support from parents and carers play a vital role in this success, and we are deeply grateful for your partnership in your children's education.

YEAR 7

Mr P Gatenby

What a fantastic start to Fulford School the Year 7 cohort has had. They have taken part in some great activities and flourished in lessons.

On Monday 2nd December, we had a visit and talk given by representatives from York City Football Club.

This showcased the various careers available in sport and what routes you need to take to pursue these jobs.

On Wednesday 18th December they took part in an inter-form Benchball competition, this included 9 selected students per form who competed against each other.

The event was fantastic, each team gave their all and showed a great team spirit.

The final standings were:

- ♦ 1st place - 7JW
- ♦ 2nd place - 7AML
- ♦ 3rd place - 7SSE

Bronze Badges

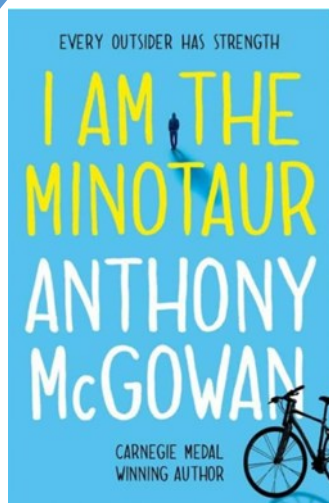

We launched a new badge initiative for Year 7 this term which has been greatly received by students.

There have been 251 bronze badges awarded since the launch in September, meaning that 83% of the year group have achieved this goal.

A big shout out to the top students listed on the left for this term.

YEAR 7

Mr P Gatenby

In form time we have been reading 'I am a minotaur' by Anthony McGowan.

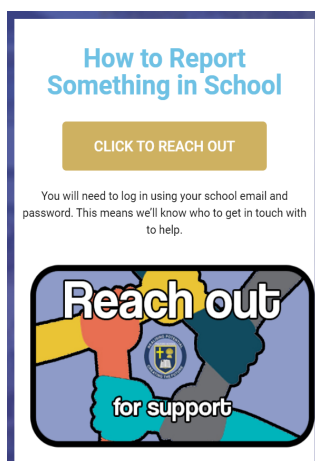

This deals with issues around bullying in schools and how the central character overcomes this. It has really helped to form discussions with students on empathy, respect and tolerance.

Our next book is called 'Song of the River' by Gill Lewis.

Also, in form time, we have been learning ways to help deal with stress and looking at stress buckets. Strategies for coping with stress summary is detailed here:

- ◆ Stress is a valuable tool that helps us to perform and do what matters.
- ◆ Learning to rest and replenish after a period of stress is important.
- ◆ We need stress for a fun and challenging life, but too much and the benefits are lost.

If any student is feeling concerned about any of the topics discussed in form they can speak to their tutor, Miss Haythorne, Mr Gatenby or they can use the 'Reach Out' button on the school website.

On Wednesday 11th December, we enjoyed a festive themed non uniform day. Here are a group of Year 7 students joining in the fun!

**Merry Christmas from the
Year 7 team!**

YEAR 8

Mr S Lacy

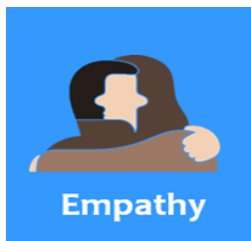

Fantastic Term

Year 8 have had another great half-term and have accrued an amazing 22,239 positive comments!

A special well done goes to the Year 8 students shown in the table who have been awarded the most positives this half term.

Well done!

Student	Form
Ethan C	8EL
Ally H	8NI
Brooklin N	8EL
James S	8SJ
Erica C	8NI
Magdalena G	8LC/FR
Horatio D	8SGA/ED
Zach R	8LC/FR
Louise A	8NI
Alonso G-R	8SGA/ED

Our students have also been channelling their HEART values, particularly EMPATHY and thinking about others who are in need of support.

Led by Alonso G-R, who has friends & relatives in Spain, many of our Year 8s baked a variety of buns, cakes & cookies and ran a bake sale to raise money which they donated to charities supporting the victims of the floods in Spain.

Our most recent PLEDGE has been focussed on understanding ourselves, our emotions and other people.

We discussed making healthy choices and learnt about The Fear & Worry Toolboxes. We also talked about being kind to other and what to do if people were unkind to us.

Fear Tools

1. Say it!
2. Tell your brain you're OK – breathing.
3. Affirmations
4. Encourage yourself

Worry Tools

1. Say it!
2. Breathing.
3. Change the Channel
4. Challenge the worry
5. Find a solution
6. A worry diary

YEAR 8

Mr S Lacy

Year 8 Superstars

Tom Hitchcock Pearl Buy Theo Kirby-Whittaker

Tom Hitchcock exercised his creative muscles entering competition to write a four page story & has been published in a book of short stories.

Tom's story was set around Hadrian's Wall and was about a roman soldier trying to enter the after life.

The book is *"Terrific Tricks and Terrible Treats, a spine-chilling collection of spooky stories written by some of the most creative young minds"*

Pearl Buy, performed at the Grand Opera House, York in Nativity the Musical.

She was a convincingly menacing posh 'Oakmoor School' student wielding a hockey stick! Reports say it was a slick and professional performance.

Well done Pearl.

Watch out for **Theo Kirby-Whittaker** on TV as he has been filming for Waterloo Road.

Theo gets told to tuck his shirt in by the teacher!

Episodes will air in the new year.

Good work Theo . . . & keep that shirt tucked in!

YEAR 9

Ms F Garland

Year 9 continue to do hard things!!

After a brilliant set of reports and excellent resilience since September, the Year 9 Team enjoyed a year group reward on Tuesday afternoon.

The Team gathered for a celebratory assembly and headed to the canteen to kick off the festivities with a Christmas Quiz, treats and music.

Year 9 continue to impress across the board with their team culture, kindness and resilience

In our most recent Pledge the Year 9 Team continue to work on independent study skills. We've made spider diagrams, flash cards and trialled self-quizzing.

The team are showing super ambition during these tasks and performed very well in a recent Science Assessment because of their focused revision.

Across the board, students are delivering outstanding work.

There continues to be lots to be proud of.

Here is an example of some sensational Art homework by Autumn in class 9ST.

YEAR 10

Mrs F Wise

As ever, in order to encourage our students to be fully-rounded, successful individuals, an array of different content has been covered within our pastoral curriculum this term in Year 10.

We have had assemblies on breaking stereotypes, the importance and science behind sleep and the learning cycle. All presented in the hope of students picking up some key lessons to use in their everyday lives.

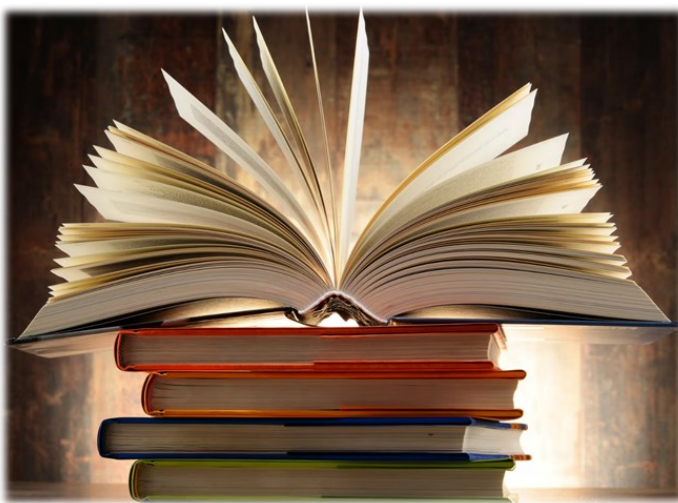

Our pledge this term is Inclusivity & Diversity so our Monday form time sessions have focused on concepts such as labelling and being open-minded to people who are different from us.

Around fifteen Year 10 students have volunteered to be Reading Leaders, this entails buddying up with a Year 7 student to

work on paired reading once a week.

They have got off to a great start, showing some real responsibility and care for the students they are working with – thank you and well done!

We also have a small cohort of boys involved in some sports leadership intervention which looks at what life qualities sport teaches us to live by. They will be running some fun sports sessions for younger year groups at the end of term.

Academically, students continue to show brilliant focus in lessons.

It has been a joy to see such varied activities happening in lessons;

- ♦ hot water bottle cover designs in Textiles
- ♦ lino prints in Art
- ♦ handling of woodwork in Construction
- ♦ bread making in Food
- ♦ fitness testing in GCSE PE
- ♦ Exam technique in English and History

YEAR 10

Mrs F Wise

Students must be congratulated on a fantastic set of reports this term too.

Across the board, they are brilliant – some real individual successes from the hard work students have put in.

The Religious Studies short course mock exam will take place on Friday 10th January.

I know how impressed Mr Nesbitt has been with students approach to the preparations for this.

This will be Year 10s first taste of an official exam in secondary school.

Great experience at this point so they feel more equipped heading into their Year 10 exams near Easter and into Year 11 next year.

And finally, we must mention Christmas!

I hope our Year 10 families are looking forward to that all important down time we all like to enjoy with our close ones.

Our students have worked really hard and certainly deserve a merry break.

It was a lovely moment watching them tucking into their Christmas dinners and compare the garishness of Christmas jumpers last week!

YEAR 11

Mr J Bonsels

The Christmas break has come at the perfect time for Year 11 students.

This particular half term has been one of the most challenging they have ever experienced in their school journey with the completion of their mock exams.

They have shown resilience, determination and a real ambition in trying to achieve their best results possible.

We have been extremely proud of the way they prepared and conducted themselves during this period.

Students should have received their grades back during lessons and inevitably, there will be all kinds of emotions that come with this. However, the most important thing is that they reflect on these grades and work on how to improve next time when they sit their next mock exams at the end of January.

Friday 6th December saw all of Year 11 go off timetable for the Fulford Sixth Form Taster Day.

This was an exciting opportunity for students to live the day in the life of a sixth former and attend subject specific lessons that they are thinking of studying next year as well as using the Common room and café.

Feedback from staff was overwhelmingly positive and the day was a real success.

A copy of the Sixth Form prospectus can be found here: [Sixth Form Prospectus](#)

And please remember, the deadline for Sixth Form applications, is Thursday 6th February 2025.

There are further taster days at alternative provisions on 14th and 16th January that students have booked on to where they can experience other educational settings.

Finally, all Year 11 students listened to an assembly in the weeks just before the end of term, giving an outline of what is to come in the rest of the year.

SIXTH FORM

Mrs K Davies

Year 11 Taster Day

Although it feels like Year 12 have only just started, we are already starting the transition for the students joining us next year.

Earlier in December, Year 11 students from Fulford got to experience the sixth form for a day by joining in KS5 lessons and enjoying the common room as part of their social space.

This is such a crucial step in the journey into post 16 and students were overwhelmingly positive about their experience with many indicating that the experience had helped them pick their subject choices for next year.

Students also had the opportunity to complete an Option Form that will help the school create the option blocks ahead of the final application.

The final deadline for all applications is 6th February.

Students will continue to be offered further support, with all Year 11 taking part in a one-to-one interview with a Senior Member of Leadership team when they will be discussing their next steps.

SIXTH FORM

Mrs K Davies

Bonding: Ice-skating

This term to get into the festive spirit, we took Fulford Sixth Form ice skating at Yorkshire Wonderland.

Both Year 12 and Year 13 came along and it was great to see the bonding, at times literally as they supported each other on the slippery ice.

With over 170 students on the ice, there was an amazing variety of skill and talent!

York Concert Band with Fulford School

On Sunday 8th December, York Concert Band held their Christmas Concert in Fulford's school hall, and were joined by students in festive performances, with the audience joining in for a number of Christmas carols.

A choir of Fulford students performed, as well as soloists, and the concert finished with students joining together with the band for a joint performance.

WINTER CONCERT

On Wednesday 11th December, the annual Winter Concert took place in the school hall on Christmas Jumper Day.

Over 80 students from all year groups were involved in the concert which featured the choir, swing band, orchestra, a class performance by the Year 10 GCSE Music group, and lots of talented soloists and student bands.

The concert ended with a grand finale of Taylor Swift's 'Christmas Tree Farm', featuring all students performing together.

The Lion, The Witch and The Wardrobe

The Year 7s really enjoyed their trip to see “The Lion, The Witch and The Wardrobe” at Leeds Playhouse on Thursday 28th November.

The show, touring from the West End, used magical story telling techniques, imaginative set design and made great use of puppetry.

The students had a great time and really enjoyed dressing up and exploring the wardrobe before the show!

Drama Club

This half term drama club has seen over 60 pupils regularly attending K001 each week.

We have been enjoying a range of drama games as well as devising our own sketches based around different pieces of music.

The last couple of weeks have been busy as we have been preparing for our Winter showcase!

Our students will be performing a variation of the 12 days of Christmas as well as ‘A Christmas Carol reimaged’ by some of our fabulous Y7’s.

It has been a joy to see the passion and creativity thrive in our drama studios afterschool.

Thank you drama club for all your hard work this term.

DRAMA

Mrs Windrum

Charlie and The Chocolate Factory!

Rehearsals for our school play have been going really well with most of the big song and dance numbers now complete.

The Oompa Loompas have been working particularly hard and the choral numbers are looking brilliant.

We are particularly excited with this year's set which is going to really bring the play to life.

Designed and made by our amazing Art Technician Rachel McEwan supported by DT technician Alan Ball, the set is really going to help create the world of pure imagination!

Tickets will go on sale in the new year and will be available on parent pay.

MFL

Mr Kennedy

It's been a productive term in the MFL department where students have been furthering their language skills, whether they be at the start of their Fulford journey or polishing their skills ahead of public examinations.

In lessons we continue to centre our approach around the 3 pillars of learning: Vocabulary, Grammar and Pronunciation (in basic terms, words, how to link them together and how to say them!).

We've always time for plenty of cultural input too – it's a real joy to be able to use technology to bring the world to our classrooms! It also continues to be a source of pride that so many of our students are showing the ethos required to continue to be candidates for the linguists of the month awards we make each month.

Outside of lessons we celebrated the European Day of Languages (26th September) with a variety of activities. This included a Languages Treasure Hunt when all teachers were given a language.

A bit of homework for some teachers was required as some of the languages are relatively unknown and this provided a great opportunity to celebrate the amazing linguistic diversity of our planet!

We were really thrilled at how many people took part, asked their teachers which language they had and then found out something about that language!

The winner was a student who managed to speak to nearly 50 teachers to find out which language they had, requesting an extra form to include everything she had found out!

Congratulations to the winner, Juno James in Year 7!

Earlier in the term, we had a café at our Year 6 Open Evening and we had some really fantastic students helping us as waiters and waitresses and encouraging our students of the future (and some parents!) to order their food.

At the time of writing, there is a real buzz of excitement about the place as the finals of the Year 7 Speaking Bee are imminent and we look forward to celebrating that.

It is a great way of practising Spanish pronunciation skills and better remembering some high frequency words. We are sure that students will enjoy competing or watching the final part of the competition unfold.

Of course, we have also been looking at how Christmas is celebrated.

Did you know that traditionally French children place their shoes in front of the fireplace hoping that Father Christmas or as he is called in *France* – *Père Noël* (or sometimes called *Papa Noël*) will fill them with gifts?

Meanwhile in Spain, The Twelve Grapes (*las doce uvas de la suerte*, "the twelve grapes of luck") is a Spanish tradition that consists of eating a grape with each of the twelve clock bell strikes at midnight of 31 December to welcome the New Year.

Each grape and clock bell strike represents each of the coming twelve months.

Joyeux Noel and Feliz Navidad

RELIGIOUS STUDIES

Mr Nesbitt

Religious Studies Trip to London

The Religious Studies Department invited 50 Year 9 students to London for a two-night residential.

This was an opportunity to see the unique and iconic places of worship in our diverse British community.

Not only did the student visit St Paul Cathedral, Shi Guru Singh Sabha and Neasden Mandir they also experienced the 72 floor view of the London lights from the top of The Shard.

The students were wonderful ambassadors for Fulford School and many thanks to the Miss Thompson, Miss Eastaugh and Miss Crudginton for their commitment in making the experience a success.

Baitul Futuh Mosque

Largest in Western Europe

Shri Swaminarayan Mandir

RELIGIOUS STUDIES

Mr Nesbitt

Religious Studies Perspective Event

The Religious Studies hosted a Perspective Event.

This was an event targeted at our Year 10 Religious Studies students in readiness for the Short Course exam in May.

The Department invited in representatives of the York Jewish Liberal Community, Church of England, The Quakers and the Humanist Society.

The students and guests discuss various religious and personal reflections on topics such as 'Marriage is out of date in the modern world' and 'War is a necessary evil'.

The effort and consideration of the community faith representatives was appreciated

DESIGN & TECHNOLOGY

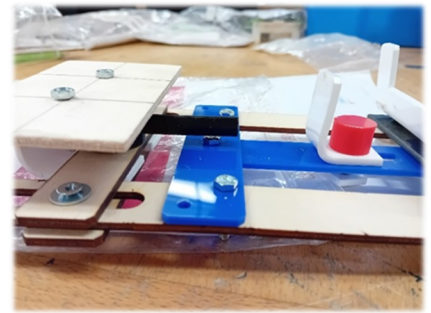

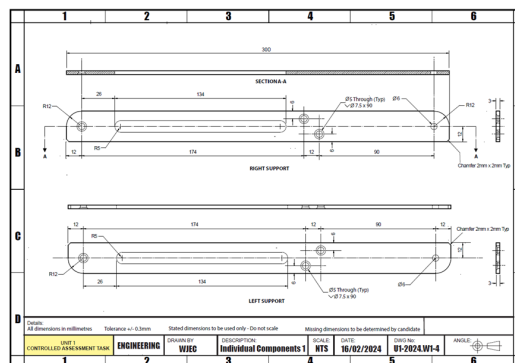

Mr Jobson

BTEC Engineering and Construction

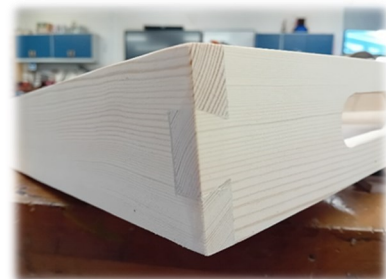

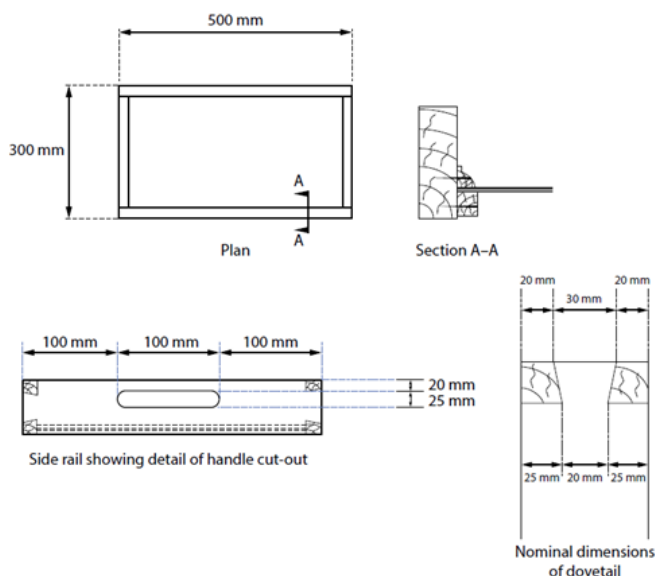

The BTEC Engineering and Construction students have completed their NEA practical assignment, which has tested their ability to read technical drawings and produce a final outcome in line with the drawings provided.

The Engineers have developed a low-cost phone rig to hold a phone steady, enabling the user to photograph small-scale objects situated on a platform.

This needed to be made to a high degree of accuracy ($\pm 3\text{mm}$) based on the drawings provided and needed to be made using a range of materials and different processes, including laser cutting, 3D printing and also traditional hand-based manufacturing skills.

The Construction students were required to make a serving tray in softwood with a plywood base with dovetailed joints. I'm particularly impressed with how accurate the students have produced these challenging joints and how much care they put into making a high-quality outcome.

DESIGN & TECHNOLOGY

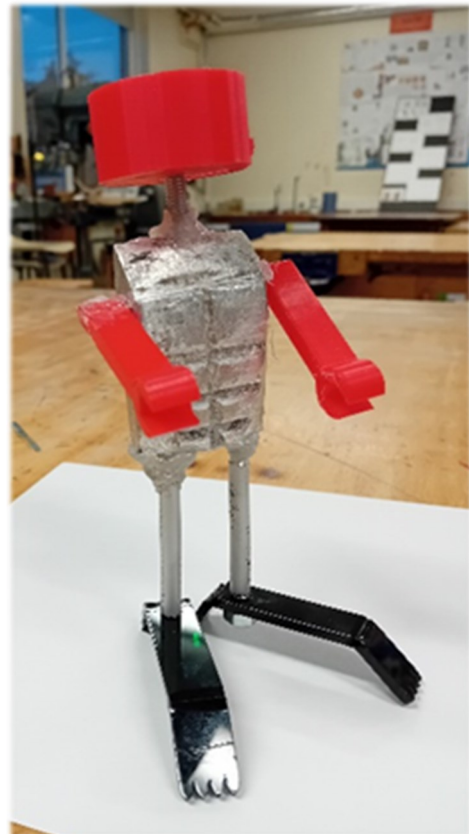

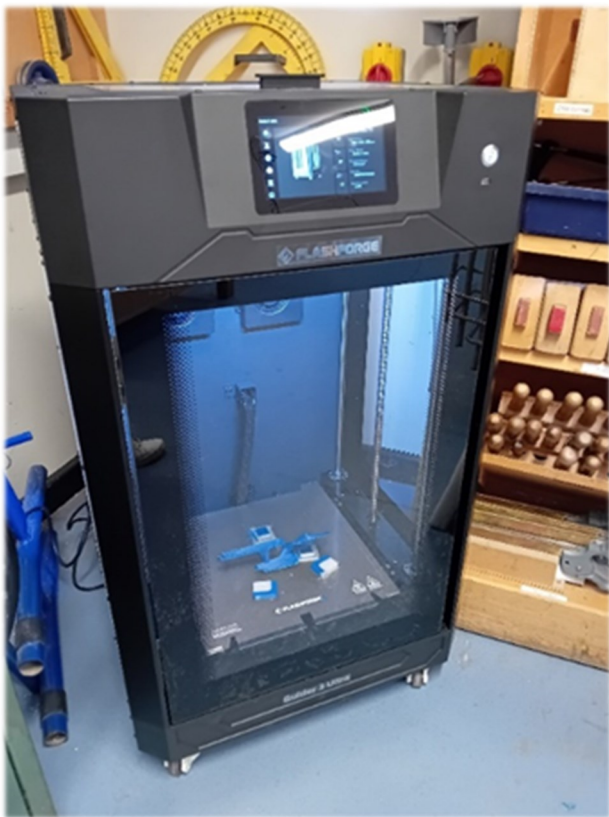

Mr Jobson

3D Printers

To help students in all areas of D&T to manufacture products using the most up-to-date technology, we have recently purchased two new 3D printers.

These printers are now being used on a daily basis for prototyping concept models and manufacturing objects which would be prohibitively difficult to create using more traditional methods.

Students have been fascinated by how these machines work and are keen to enhance their repertoire of skills by incorporating 3D printing skills into their work, such as the Year 10 students, who have been making cast aluminium B-Movie-inspired robots

TEXTILES

Ms Butler

Printing and Collage Techniques

Year 12 Textiles have been experimenting with new printing and collage techniques to develop their fashion illustration skills. What a great collection of final outcomes.

Well done Year 12.

TEXTILES

Ms Butler

Sixth Form Taster Day

Fashion and Textiles

Textiles held a 1980's Fashion History session as part of the Sixth Form taster day

SCIENCE

Mrs Stabler

CONGRATULATIONS!

We are thrilled to announce that some of our Year 10 and Year 8 students have emerged victorious in a prestigious *National Science Competition*, beating over 100 schools across the country!

The competition, organised by **Century** and **PIXL Science**, provided an incredible opportunity for students to experience the power of AI in enhancing teaching and learning.

Not only did they showcase their outstanding science knowledge and skills, but they also explored how cutting-edge technology is transforming education.

Congratulations to our talented students on this remarkable achievement!

CAREERS

Miss Birkby

York City FC “Careers in Sport/Football” Event

Freddie Handley—winner

On Monday 2nd December, students in Year 7 & 8 were privileged to be visited by representatives from York City Football Club to hear from professionals working within the most popular sport in the UK, the Football industry.

As part of York City’s November Junior Reds supporters raffle draw, Freddie Handley (Year 8) won the prize of “bring a player to school”. Freddie chose his three favourite footballers from the 1st team, and through liaison between York City and Fulford School a comprehensive “careers in sport/football” form time programme was built around Freddie’s prize.

CAREERS

Miss Birkby

York City FC “Careers in Sport/Football” Event

As part of the careers programme, all students in Year 7 & 8 attended an employer assembly where they had the opportunity to learn about different careers within the sports industry, bringing to life some of the careers discussed in the “Careers in Sport”, and “Careers in the Football Industry” form time careers lessons from the previous week.

Following the assembly, a smaller group of Year 8 students attended an after-school training session with Freddie’s three favourite players – Harrison Male, Alex Hunt and Joe Felix. Harrison, Alex and Joe took their time to speak to all the students answering their questions, taking photographs and signing autographs.

The students were able to gain first-hand knowledge of what it is like to be a Footballer as well as picking up some helpful hints and tips which will stand them in good stead for any future career they pursue. Thank you to thank Steve, Kai, Cameron, Harrison, Alex and Joe for providing an amazing experience for Fulford students that they will treasure forever.

TEN PIN BOWLING

Mrs Jagger

Panathlon Competition

Key stage 3 Fulford students represented the school in the Panathlon ten pin bowling competition.

The students were excited to represent the school against six other schools making 11 other teams in total.

We had some brilliant individual scores from Samson and Jacob scoring 112 and 104, they joined the 100 club.

Jacob set the bar high on his first go with a strike winning a sticker. The teamwork award for lane 20 and 21 goes to Daniel and Haidar for their encouragement and resilience to throughout the day.

Overall Fulford came 10th and 3rd receiving medals and certificates for everyone.

We celebrated our victory on arrival back at Fulford showing our medals with pride to everyone.

Netball Leagues

The York and District school Netball leagues have already started for U15 and U16 this season. The deadline for the leagues is the 30th January. After that the semi finals will be played and the final.

If you would like to see how your team is doing, please use the QR code below.

Competition: U16 Netball

The U14 league has started too, its runs from October half term until Feb half term so far, we have played Joseph Rowntree and beaten them 27 – 2.

If you would like to see how your team is doing, please use the QR code below.

Competition: U14 Netball

The U13 and U12 league hasn't started yet, as it runs from January until the 21st March. However, we managed to play one last week against The Mount. The U12s drew 12 – 12 after a massive come back after half time. The U13s narrowly lost 6 – 5 in an intensely fought game.

If you would like to see how your team is doing, please use the QR code below.

Competition: U13 Netball

Competition: U12 Netball

FULFORD SCHOOL VACANCIES

Mrs S Dawson

Fulford School is a great place to work and has an excellent reputation in the community and nationally for high standards in academic achievement and the behaviour of students.

If you visit Fulford School, several things will strike you.

These include the quality of teaching, the excellent relationships that exist between staff and students and the purposeful, calm and orderly atmosphere that pervades throughout the school

Fulford is a wonderful school with fabulous students and staff and outstanding support and care. It is a great place to work and offers excellent support for your professional development.

R Harris, Headteacher

PE Teacher

Full Time, Maternity Cover

Start Date: February 2025

We are looking for an inspiring and engaging PE teacher to join our school to support covering maternity leave.

PE lessons at Fulford School cover a range of activities and topics, with the aim of inspiring a lifelong love of sport and exercise.

Exam Invigilator

Casual Contract

Start Date: January 2025

Exam invigilators play a crucial role in ensuring a smooth and fair exam process.

Whilst the hours are flexible, candidates must be able to commit to at least two full shifts per week during the summer exam seasons, as well as during internal exam mock seasons.

ERP Lead Practitioner

Full Time, Maternity Cover

Start Date: Easter 2025

We are currently recruiting for a talented and dynamic individual to work with the SENCO to provide high quality support for students who have a diagnosis of Autism and students who are part of the Enhanced Resource Provision (ERP) at Fulford School

Full details of the vacancies listed can be found on the Fulford School website

www.fulford.york.sch.uk
